EXPLORE ONLINE

- ➔ **Interactive Guide to Data:** An interactive visual guide that explains what data are, how they help, and what we can do with them
www.DataQualityCampaign.org/InteractiveGuide
- ➔ **A Legal Reference Guide to Protecting Student Privacy and Data Security:** A web-based guide that helps state policymakers navigate the complex legal landscape of collecting, storing, linking, and sharing student-level data securely
www.DataQualityCampaign.org/LegalGuide
- ➔ **Profiles from the Field:** A national forum for sharing knowledge about promising practices for building and using statewide longitudinal data systems
www.DataQualityCampaign.org/ProfilesFromTheField
- ➔ **Resource Library:** A clearinghouse of information and resources for building and sharing knowledge
www.DataQualityCampaign.org/Resources
- ➔ **Federal Funding Roadmap:** A guide to federal funding opportunities for states' activities to collect and use longitudinal data to improve student outcomes
www.DataQualityCampaign.org/Roadmap
- ➔ **Issue Areas:** A guide to common issues states face as they continue to build and use robust data systems
www.DataQualityCampaign.org/IssueAreas

See the Big Picture: National and State Analysis

Includes a series of analyses that highlight state progress and key priorities to promote the effective use of longitudinal data to improve student achievement and inform efforts in education to better use data in decisionmaking
www.DataQualityCampaign.org/DFA2011

- ➔ **Annual Report: Empower with Data:** 2011 report on states' progress and game-changing priorities to move the data agenda forward
- ➔ **National Analysis:** National trends in states' progress on building and using state longitudinal data systems to improve student achievement according to DQC's 10 Essential Elements and 10 State Actions
- ➔ **State-by-State Analysis:** Individual state profiles and the ability to compare states to one another
- ➔ **Hot Topics:** Deeper analyses about states' data capacity to support various education policies and practices around such issues as teacher effectiveness, teacher preparation, high school feedback, early warning systems, preparing students for jobs, and empowering parents
